SOFTBALL

This year we had 46 players over four teams. Mr. Philip and I had students who had never played softball before, returning students and others who play softball outside of school. What I enjoyed the most about coaching softball was watching more experienced players coaching the less experienced players.

I would like to thank the captains, Thomas, Andrew, Nic, Ariane, Antoine, Jordyn, Jeanne, and Marie-Ange for their work this season. Without them things would not have ran as smoothly as they did. Secondly, I would like to thank all the players for not complaining too much about running when it was raining, and even when it wasn't. Thirdly, I would like to thank Alta for keeping control of the softball box, and to the players for returning the equipment without too much hassle.

During the regular season, the teams played 12 games. In 4th place, we have the Expos, with 2 wins and 10 losses, with 57 runs for and 126 runs against. In third place, we have the Cardinals, with 5 wins and 7 losses, 72 runs for, and 77 runs against. In second place were the Royals, with 6 wins and 6 losses, 83 runs for and 103 runs against. In first place were the Blue Jays, with 11 wins and 1 loss, 137 runs for and 43 runs against. Congratulations to the Blue Jays for finishing on top during the regular season.

The standings changed after the playoffs. Congratulations to the Royals for finishing strong and winning their game against the Blue Jays and putting them in first place. Congratulations to the Cardinals for defending their 3rd place standing against the Expos in the consolation. Well done everyone.

I would like to congratulate Antoine, Nic, and Ryan for being the top homerun leaders, as well as Ariane for being the only girl with a homerun.

LACROSSE

What a great season! We were fortunate to travel to Ontario to participate in a high school tournament in May. It was a great experience for the players and we performed quite well, finishing in second place out of eight teams. We also travelled to Montreal and New Hampshire to play games against experienced, seasoned opponents. With a final record of 5 wins and 2 losses in just a few short weeks, the Spartans lacrosse team accomplished much and caught the eye of many coaches and referees. Our opponents often complimented us on the hard work and dedication that we demonstrated in each game, especially considering the minimal number of players on our team in comparison to our competition. All in all, it was a terrific year and the field lacrosse team continues to make great strides as a program.

This year was an outstanding one in all regards! We had a team that worked hard with a great attitude from start to finish. We played BCS and Massey-Vanier at BSC where we won the ETIAC banner, which was a formidable accomplishment. Special congratulations go to Michaela Pejzlova for winning the Major S award, as well as the Tennis Shield. Other congratulations go to Olivier Faucher for winning a Senior S and the boys shield. Shayla Coates won the Senior S in the girls category. Ulysse Merat and Tessa Dobson each won the Sportsmanship Award. Many thanks to all the players for a wonderful season.

*And ready and able was our whole tennis motto
You would think that we won the amazing team lotto
Since we came out on top in so many ways
On our green hometown courts or when we were away
Because coaching these players was more than a pleasure
You see, some things in life are just hard to measure
So we want to express our sincerest thanks, gratitude
For the excellence that you all seemed to exude
And i think that this needs to be fully expressed
That you all made this season the best of the best*

The 2016 Golf season came and went very quickly, and although short, was very successful. The SC team won all four tournaments taking medalist honours in three of the four. John Wood Downey is to be congratulated on winning the first two (at Milby and Old Lennoxville), and Anna Thinphang nga soundly won the championship in Cowansville. We had a very strong and deep team with multiple players to draw on. Congratulations to all 18 of you; each and every one of you improved your game over the course of the season and you should all be proud of mastering a game that will last you a lifetime. Awards this season were presented to both John and Anna. In his fourth year on the team, it was nice to see how John has matured as a golfer, and has come to appreciate the true value of the game. He has the potential to do very well in the sport of golf, so watch out for this guy on the PGA tour sometime in the next 10 years. Anna has a handicap as soon as the tournament starts as she does not get to play against girls nor from the women's tees. She plays from the same tees as the boys, competes against the boys, and, yes, wins against the boys. She is a pleasure to coach - always positive and upbeat, and always willing to work hard. Anna has been advised by many (pros included) that she should seriously consider golf in her future. Watch for her on the LPGA tour. Finally, the sportsmanship award went to four year golfer Connor Fletcher. He has been a part of the team for four years, and while not always at the top, he has been a contributor to team scores for all four years. Special thanks to Logan Vanasse and Mike Fowles for helping with the team.

JUNIOR BOYS RUGBY

The junior boys rugby season often starts with a group of enthusiastic, young wannabe rugby players who cannot wait to start running with the ball and tackling each other. This year was no exception. Unusually this year, we had some experience to back up our enthusiasm and some good weather in which to start practicing. Despite this, we made a slow start to the season with losses in our first two 7s tournaments. Fervent efforts were made to plug our defensive leaks before the annual BCS 7s tournament. Despite winning big in two games and tying two more, we were unfortunate not to make the final. However, this propelled us to 12 straight undefeated games and a final record of 17 wins, 4 losses and 2 ties.

The boys should be congratulated for their impressive efforts. Congratulations also to Hide Kaga and Alex Liddell for their Junior S awards and Patricio Flores for his Sportsmanship award. After another solid season the coaches are looking forward to further progress next year, as well as seeing some of these players flourish at the senior level.

From humble beginnings to a strong finish, the junior girls rugby team's season was one to remember. Starting the season with only three experienced players was the first of many challenges the junior girls would face. While they practiced diligently, they struggled to put it together in their first tournament, where they were kept out of the try zone for the day going 0-3. While it would have been easy to give up right then and there, the enthusiasm for the sport amongst the girls never faded, and they were soon rewarded with their first try in their next match and won the match that followed. While their prospects were looking up, an unfortunate series of injuries seemed to quickly derail their recent streak of success. Although numbers dwindled, effort in practice did not, which is a true testament to the never-quit attitude of each member of the team.

The schedule they faced in their final tournament of the year was daunting. They were up against three teams that had soundly beaten them before. Despite this, the girls put together their strongest and most passionate performance to date. As a team they constantly supported each other offensively, ensuring that for every player that was tackled, two were there to help her out. Defensively, opposing teams struggled to move the ball forwards as the Stanstead girls were relentless. The girls finished the tournament 3-0, a perfect finish to an impressive season.

13 Pieces of advice for success in rugby, as a metaphor for life.

- 1) Play to the whistle. Don't ever give up a single second.
- 2) Don't pass the ball to the other team. You worked too hard to get it in the first place.
- 3) It's better to kick than to receive. Even if you make some mistakes, you're right where you want to be.
- 4) Don't step on the cones. Do the right thing, even when no one is looking.
- 5) Always be prepared for the situation.
- 6) Every missed tackle is a try. It takes trust and commitment to have your feet and shoulders in the right place when you know everyone is counting on you.
- 7) Be unstoppable. Even if you have to rethink your game plan to deal with unpredictability.
- 8) Watch your language. It's about more than running Cavanaghs. It's a sign of self-discipline and respect.
- 9) Look sharp – play sharp. Kimonos included.
- 10) Put your hands down when you block a kick. You'll be ready when the opportunity to score comes your way.
- 11) Pay attention to all the important people you meet along the way. These people are your big picture, they'll be there 20 years down the road.
- 12) Meet your commitments. Show up, be present, and be the person you said you would be. (I will.....)
- 13) You can do it. You know you can. No matter what, you've always got three big steps. Have the courage to take those steps. We believe in you.

Thanks for sharing these moments with us, for putting your heart in your hands and feet and seeing what we could do together. It was something none of us will soon forget.

SENIOR BOYS RUGBY

ETIAC PLAYOFF CHAMPS

Bermuda 2016, baby! I have never taken the senior boys rugby team on tour in my career. This was the right year to do it. Bermuda was the perfect place. Eleven amazing guys. Thanks to you boys who made the trip. Thanks to Tal and Coach Underhill. Thanks to Grenville and the whole Lines family. Thanks to the girls who helped us fundraise.

Starting in Bermuda, even though we got shellacked, was the kick-start we needed. Upon returning to the regular season, we played the two best teams in the GMAA and beat them both in pre-season games. We then travelled on a four-day road trip to Rugbyfest at RNS in New Brunswick where we defeated the three other teams in our pool and played a great KES team in the division finals, losing by only 7-0. This was one of the best starts to any season I have ever coached.

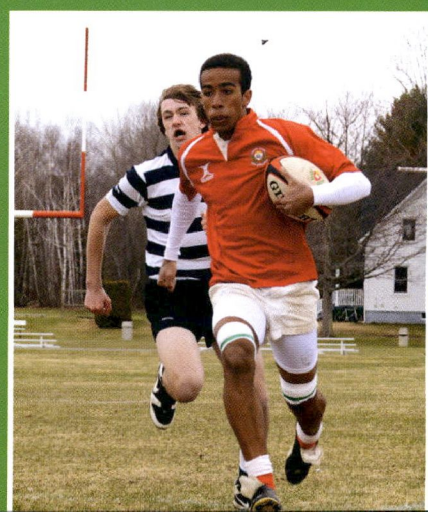

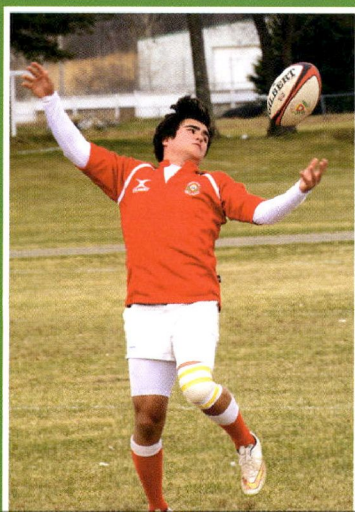

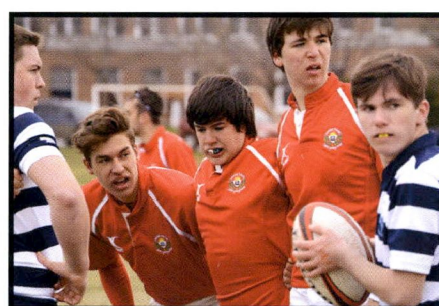

Upon our return from the Maritimes, we had a difficult choice to make: the league wanted to play 7s for the next month. We had 23 guys on the team. We had to split them into two teams. The A Team went undefeated all season long, winning everything: the Abenakis 7s Tourney, the ETIAC league banner and the league championship, while the B Team took their losses, endured their lumps and bruises and gained valuable experience for next year. Solid results. Tough choice.

I am, however, very proud of the way our team withstood the obvious division and came out as unified as possible. Seeing the whole team rush the field when the A Team beat a tough Seminaire de Sherbrooke team in the final made me smile. I hope the entire team remembers what it's like to be part of a true unified team despite being divided for most of the season. Here's the lesson: it comes down to how we act in practice and you guys were amazing. Thank you.

This year in swimming was dazzling, with all our swimmers improving throughout the season while experiencing their own personal challenges. We did not come home this year with the banner, but we nonetheless had a very successful season, with numerous achievements by all on the team. We want to thank all of this year's swimmers for their perseverance through all the practices, their constant encouragement of one another at our races and their positive attitude throughout the season. Swimming is a very personal sport; you might have a crowd of Spartans cheering their guts out for you, but as far as you're concerned in that water, it's just you and the clock. Ms. Campbell and I are very proud to have shared such a wonderful season and, we hope our swimmers continue to enjoy the benefits of the sport during the summer break.

CURLING

There were some ups and downs along the rollercoaster ride that represented the curling team this season. As usual, we started with many new faces during training camp. It took a few weeks for the rookies to grasp this unique sport but it was worthwhile in the end. In addition, SC was fortunate to add an experienced skip in Sophie Legler to take charge of the team and guide younger players. She led by example and showed maturity beyond her years. The team performed as expected in the standings and came from behind to defeat BCS in the playoffs to finish with bronze. We built on our successes, learned from our mistakes and, most importantly, had fun!

BANTAM HOCKEY

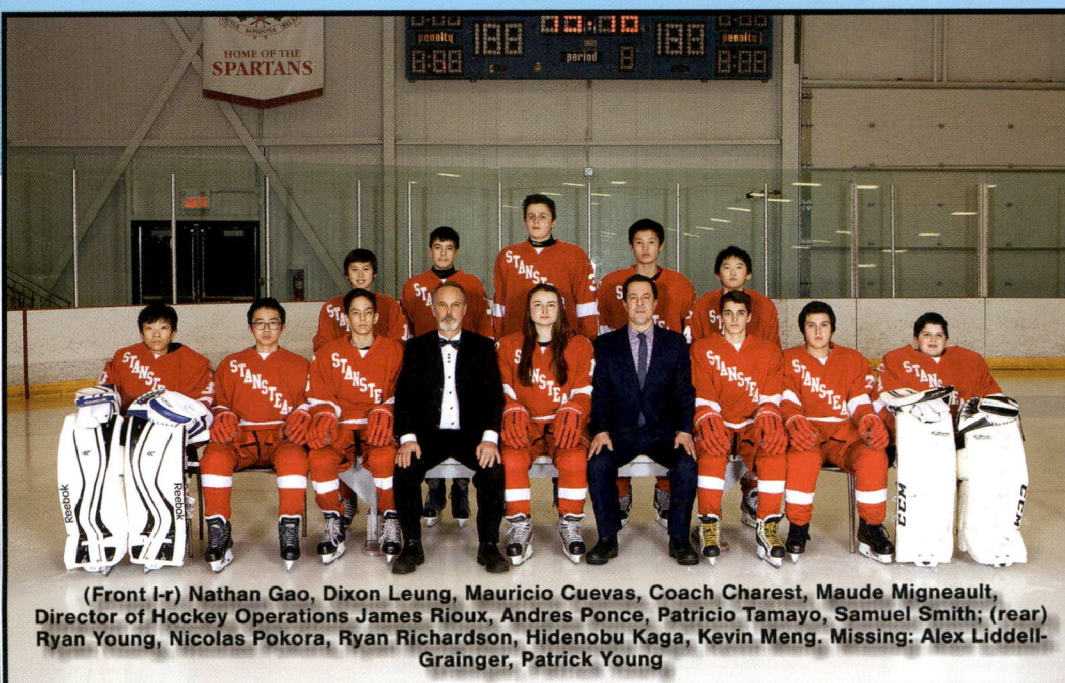

The season began with 13 boys and one girl (good job, Maude; it is not always easy to play with a bunch of MACHOS), a mix of bantams and intramurals. We faced strong competition and we ended the season with 3 wins, 5 losses and 2 ties.

I want to thank all the players on that incredible team for their effort during the games, the practices on and off the ice and for their good behaviour all through the season, which contributes to the Stanstead College standards. You were young players, but were here to learn and to represent those standards.

Thank you to Mr. Rioux, Mr. Colomb and Mr. Vanasse for their huge help all through the season. I also want to thank the support staff at the arena, Josée at the Health Centre and all the people who make a hockey season possible, including the Prep boys who helped for a few games, in fact for a few wins.

This year, our best players participated in four tournaments against the BCS team. Our participants were: Connor Fletcher and PY Cheung, who battled fiercely for the first position throughout the season; Kiefer Hayward, who was a strong competitor, applying his soccer goalie diving techniques on the court in order to reach the ball; Jeffrey Liao, probably the most improved player, who did lots of extra hours to improve his game; Ulysse Merat who often surprised his opponent (and himself too!) with his unexpected shots; Simonetta Gaumond, a quick and energetic competitor who gave trouble to many of the boys; Luiza Etscheit, who used her tennis background to develop her skills; and Jiajia Ma who was intimidated by her first tournament but finally concluded it in style.

The other group of students, although they were not involved with the tournaments, were keen participants in practices. Momoko improved her skills significantly, bringing to the team her good sense of humour and her kind nature; Akimasa and Peng Yi copied some of Kiefer's diving techniques and were always challenging on the court; Trevor brought his smile and his music and raised the team spirit being the official DJ on the team; Ellen and Sheila, who had no squash background at all at the beginning of the season, improved significantly; and last but not least, Hiromu and Ziren, gentlemen indeed, they both raised their game to a higher level.

I would very like to thank and commend you all. It was great to work with you and I am honoured to be your coach. You made the Squash court a fun place to be after school and time flew in your company. On top of this, you guys managed to win the season's title, winning 3 tournaments to 1 against BCS.

This team found ways to get the job done this year even when conditions were not ideal. Consistency, mental toughness, comradery, and leadership allowed this group to overcome any adversity. Day in and day out, our girls consistently work their hardest. They were so successful this year because of their focus, their willingness to do their best, their attention to detail, and their resiliency in making up for teammates who lacked consistency at times.

One way we prepared them for any eventuality is that we never let them know what their workouts would be like or how long they would last. When we went for runs, we rarely told them how long we would run for. During practices, the girls did conditioning skating at random times, for who knows how long. This has made them physically fitter, but most importantly mentally stronger, and it prepared them to fight any adversity that came their way. This group of girls was mentally tough and it allowed them to recover quickly when faced with adversity. Throughout the year, when we had to climb back in games, when referees were against us, when we arrived 15 minutes before a couple of games, when girls got injured, when our numbers shrank, they never slowed down, because they were mentally fit.

Our team was successful on the scoreboard this year: we won three tournaments, were undefeated in the NAPHA league and won the final playoff trophy, and finished with an overall record of 51 wins, 7 losses, and 1 tie. All season long, our team was ranked first and second in the All-Prep School ranking in Canada. Beyond the score boards, the wins and the awards, this team was successful because these girls turned pressure into opportunities, they learned to challenge and make each other grow while still managing to work together and have fun together. These girls grew into stronger and better individuals, acquiring skills that will help them in their hockey careers, but most importantly, guide them through their lives. I feel an abundance of pride and luck to have been part of this special team.

1ST PLACE MPHL BOWERS DIVISION

Carol Dweck (Stanford professor and author of *Mindset - The New Psychology of Success*) posited that the determination to master new things and surmount challenges lay in people's beliefs about why they had failed. Those who attributed their failures to a lack of ability were discouraged even when they were capable of success. Those who thought they simply hadn't tried hard enough, on the other hand, were fueled by their setbacks.

Very early in this year, there was good reason for optimism. We had attracted a strong class to campus, student/athletes full of offensive talent and speed, and the staff felt good about achieving our goal of replacing the top half of our roster. The vast majority of our previous team offence had departed with diplomas in hand. A solid foundation of leadership and grit remained, however, neatly in place and ready to reassume their roles. This was key as it would afford us the time we needed to pull the new players in line with how things were done in the land of Spartans. However, serious and lengthy injuries to key veterans made it necessary to address the potential for a very challenging year. Among those lost were the character players, the leaders and the grit of the team. We would be a work in progress now, forced to pull in the reigns of offensive players, teach a mindset of discipline and selflessness and most importantly establish a defence-first mentality. We were no longer simply filling in holes, we were sculpting new shapes and forms.

Achievement for this team now would manifest itself as the very process of trying and failing. Thirty-one wins would be the result of six months of toiling, but untimely failures would come at the worst times. Tournament play-down games would slip away, league championship finals would lack offence, and the national weekend would see too many posts hit and not enough shots blocked. As such, no trophies would be won by this group. As close as we came at times, the setbacks would lead to frustration and disappointment. Constantly having to reel in our emotions, staff and player alike finally grounded ourselves in the reality of our place in time. More time, more maturity and a little more work was necessary.

Our core will return next year fueled by these setbacks, knowing that we can and will master the challenges that assuredly lie ahead. The sting will remain, but the energy and the mindset are in place for a brand new year.

BANTAM GIRLS BASKETBALL

JUNIOR BOYS BASKETBALL

Overall, we had an excellent season. We were 11 wins and 4 losses. We dominated our "league" and were very competitive in our tournaments. Highlights included placing second in the BCS Tournament where we played against a very big, talented St. George's team in the finals; we had two great games against BCS, and we went to the provincials where we discovered how tall and athletic the Montreal teams really are!!

I would like to thank Mike Zhang for all his hard work this year as captain and team leader and congratulate him for earning the Sportsmanship trophy and a Junior S.

Ben, Andrew, Carson and Thomas were an integral part of this team and were very helpful by providing a stronger defence to practise against. Many thanks for all your help this year.

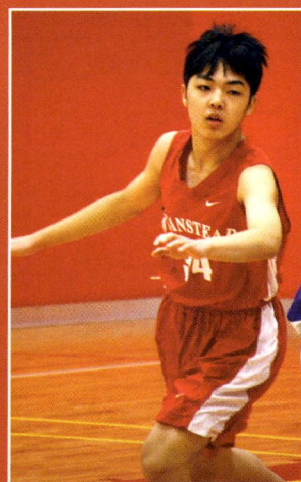

Michael, Bill, Peter: all relative rookies to the game. They practised hard all season and improved significantly. They all got some much needed experience this year, and I appreciate their effort.

Tyler, Gouyao and Tim who made the transition to the faster, more physical Junior level of basketball and participated very well indeed.

Michael, Nick and Diego: were the engines who would grind out points, play hard on defense and were always positive. They came with good skills, improved all year and made a significant impact on the court.

Many thanks for a great season.

This year, we had a very good season. It started with an incomplete team but was made up for with well-prepared players. Each of them gave everything they had throughout the season and it ended up being an amazing season. We lost in the finals of both the Montreal Independent Schools Tournament and the Dunn Tournament, but finished our season on a good note by winning the ETIAC playoff championship.

This past season was different. For the first time in my career, we had no ETIAC, as both Galt and BCS abandoned the league. In addition, there was no Bailey Tournament due to the public school strike. Consequently, we had to find other teams to play against and hope that these exhibition games would prepare us for the remaining fixtures in our schedule: the MIS, the BCS Tourney and the ultimate goal of the season – the MacLeod Provincials.

The good news is we managed to augment our schedule with 13 exhibition games against 10 different schools, including seven teams that SC has never played before. More good news? No fewer than eight of those games were super-competitive, fantastic contests that not only made us better but provided us with some of the best highlights of the season:

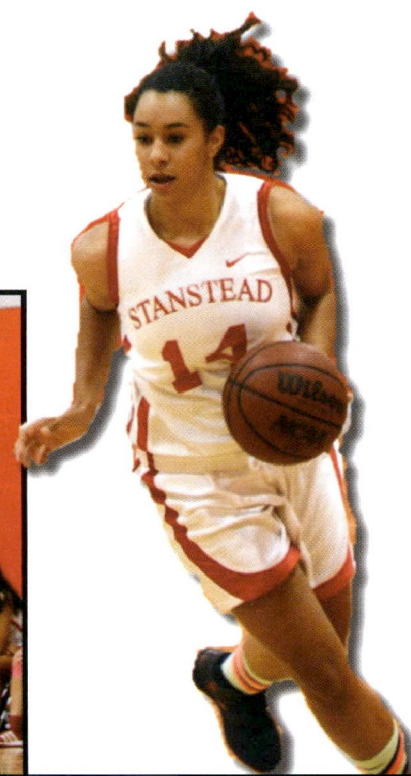

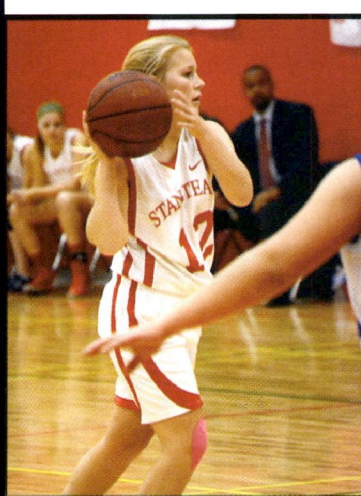

- the 63-53 loss to Les Pantherees in St-Bruno, where we went toe-to-toe against a AAA community club team;
- that exhilarating 49-40 win in front of our home crowd against Magog's top team, LaRuche;
- and, of course, the final leg of our Montreal Basketball Tour, aka the Steel Cage Revenge Death Match against ECS – what a victory THAT was!

All in all our exhibition schedule helped us rack up 26 games in preparation for the provincials. And despite the tougher competition, our record was a respectable 17-9, including a third-place finish at CAIS (our best-ever result) and a silver medal at the MIS tournament.

Unfortunately, we fell short at the MacLeod, losing to Heritage (the eventual champions) in the semi-finals. However, I need only look at our quarter-final vs Galt – an epic 39-31 win – to know that this season was an unmitigated success. Without all the extra games, the preparation, the adjustments, the new defences, the Kawhi press, the Spurs offences – Ginobili! – without all the little tweaks and changes, without each and every player trusting the process and buying into every new thing we tried (even when some of them didn't work), without ALL those things we don't win that type of game against that strong an opponent.

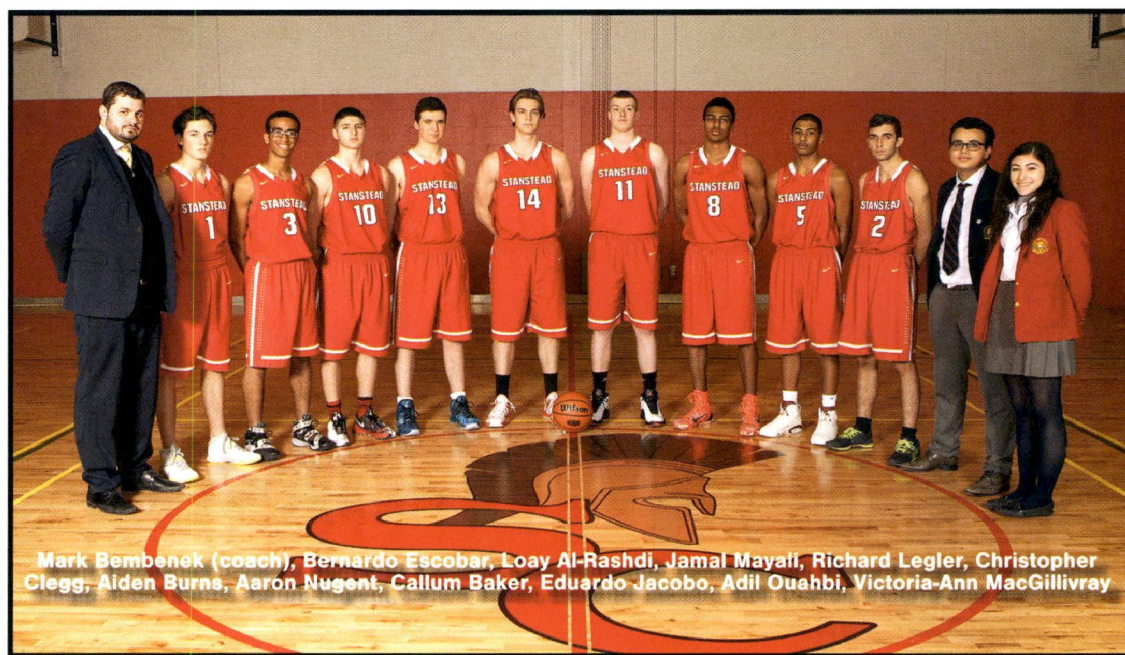

Funny thing is, this was supposed to be a "rebuilding" year, what with seven (!) players graduating from the 2015 team, and us being so young. Yeah, whatever. I've never coached a team that learned so much so fast. Ever. And with only three players graduating this year, we have a chance to make some real noise next season. I am so looking forward to it. How long is it until CAIS 2016?

- Coach Van Dyke

The Varsity Boys Basketball Spartans had another successful season. For the third straight year, the boys captured the AAESQ Visser Trophy. The provincial tournament was played at Alexander Galt with teams from Galt, Heritage, Massey-Vanier, Quebec High, Stanstead College. The boys were undefeated in their opening games, facing Quebec High in the final and winning 72-52. Jamal Mayali, who was outstanding all season, earned 41 of those points and was named tournament MVP.

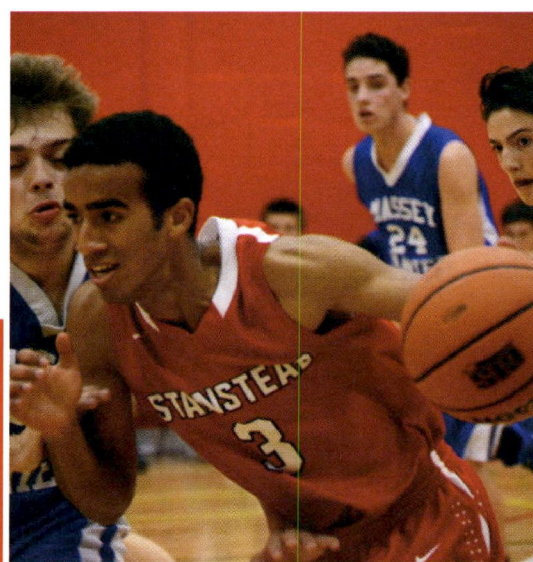

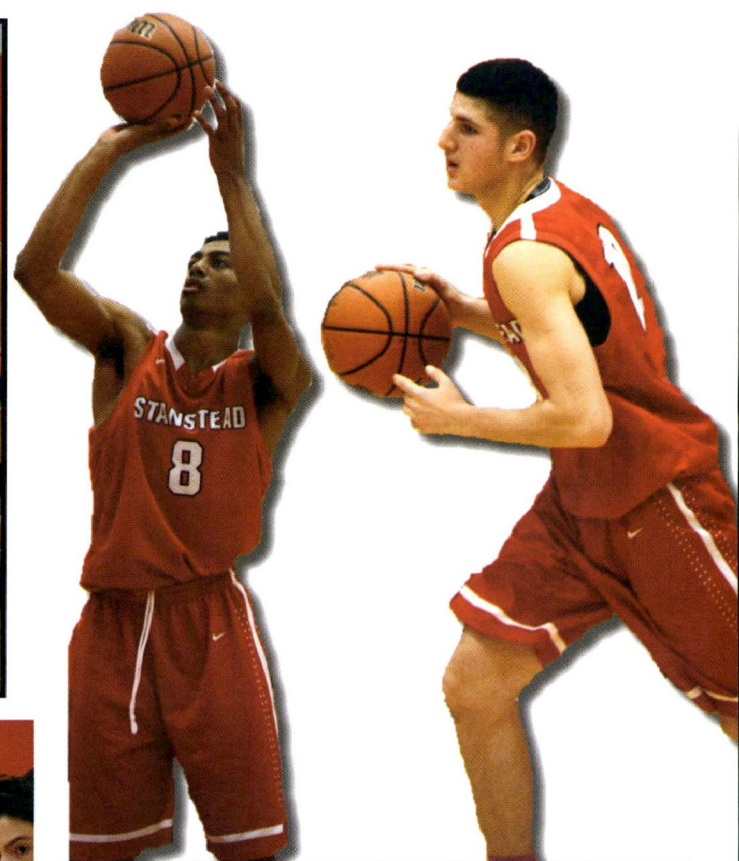

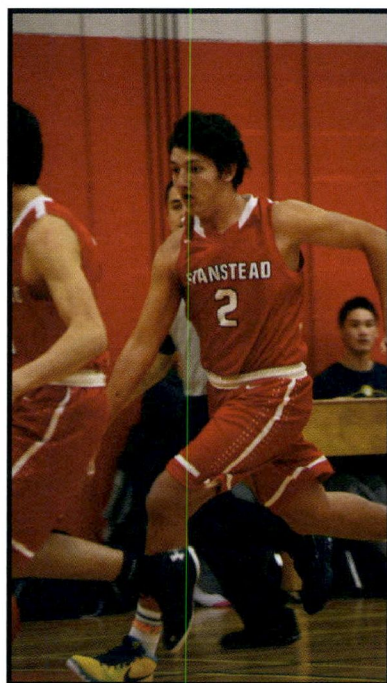

In January, the Spartans won the Vic "Smooth" Ajula Memorial Tournament at Dawson College in Montreal. SC defeated host Dawson 79-73 in the final to win the four-team tourney. The team also won the BCS Invitational.

FOOTBALL

From a coach's perspective, the feeling on the field was very different this year. Not one of the players chose football as a sport of last choice, we had no one who could throw the ball well, and we only had a handful of people who had ever played football before or knew anything about the many complex rules of the game. It wasn't long before the likes of Grenville Lines, Nicholas Burleson, Antulio Tamayo and Hiromu Yamawaki took on the important role as leaders of this team. The Spartans were now in business. It was time to decide whether we would play 8-man football or stick with the regular 11-man version. It was the players themselves who chose to take the more difficult road, which is 11-man football. This was an indication of the strong will and character of those standing out on

The team travelled to New Hampshire on two occasions to play the Riverside Wolves and the Seacoast Titans. Although we lost both games, neither one was a blowout and both opposing teams commented on how tough the Spartans played. Not bad for 21 athletes with limited experience on the football field. As a final point, a large number of returning players have come to see me and have expressed their desire to become stronger and faster in preparation for next year. That will put a smile on any Coach's face.

OUTDOOR PURSUITS

BANTAM BOYS SOCCER

The Bantam Team this year was made up of a veritable potpourri of sizes, speeds and skill levels. Other than being on the team, the common thread we all shared was a love for playing soccer, getting better, and, most importantly, having fun. We spent the majority of our practice time improving basic skills, learning about positions and improving our knowledge and vocabulary for the game. Our starting fullback line included: BJ Roy, Peter Cai, Nick Pokora, Quinn Butler. These four boys, along with Vincent Illuzzi, were tested often every game and became a very solid, cohesive group by the end of the season. PY Cheung, Tyler Carruthers, Michael Xiang and Samuel Smith were our starting midfielders and proved to be a lively, active and effective force against every team we played. Others who helped the engine of this team were Henry Haas and Kevin Meng. And from time to time, Andrew Bouchard, Quin Butler, BJ Roy. Most often, our forwards were Andrew Bouchard, and Ryan Young who combined to score (16 of our 19) goals this year. Goalie....at this level, no one really wants to commit to standing in goal UNLESS it is practise time and you don't feel like running. So, at the beginning of the year, Andrei Bucati was labouring around the field and was named, by default, our keeper...and it remained thus for the rest of the season. He was courageous and tough all year. Well done!

Our season was definitely interesting. Although we did not win any games, we did manage to squeeze in a couple of goals! Nine players is not a big number for a soccer team. Needless to say, we considered this to be a building year. It is especially tough when the opposition has as many players on the bench as we have on the entire team. No worries - we carried on. We played all of our regular season games and we had fun. The girls learned something about soccer, and more importantly, they learned about character. They learned about holding their heads high and about always giving their best effort, even when there was no gas left in the tank. Why? Because they are Spartans. Oh, and there is always the possibility of a trip to McDonalds! The memories that will stay with us: goofy practices, our runs to Tradition, the laughter, the blood, sweat and the tears, and of course, the pizza and cookies. It was a great season for the girls for building friendships and learning to work as a team. Wait 'til next year!

JUNIOR GIRLS SOCCER

There is no doubt that this was one of the toughest seasons for the junior girls' soccer team in recent memory. I have been coaching the team a long time and we have never been in this situation before. What situation? This one. At tryouts on day one, there were 7 girls who tried out for senior and 15 who tried out for junior. We knew right away that we had a situation. After a few days, I sent our best 4 girls up to senior which brought the team down to exactly the starting number we need: eleven. However, Sophie got injured in the first game, so we were down to 10 girls. We had to bring up a bantam girl. That's never been done before.

What does this all mean? Well, we're not going to win many games and we have to adjust our expectations. We finished the season with 1 win and 7 losses and did not make the playoffs. That's fair enough. The one win came against BCS. They had beaten us 5-4 in the first game and we knew we could come up with a strategy to beat them. That was our realistic expectation for the season. That was our goal. We went to work in practice and made some adjustments for speed on the outside. We ended up beating them easily in the re-match by 6-2. That was a definite highlight. Mission accomplished.

Another highlight? The fact that you girls always came out to practice to work hard and enjoy yourselves and create an awesome team environment with team spirit every day. Not every team has that. I know, I have coached a lot of teams in a lot of different sports. We had some girls who had never played soccer before and ended up loving it because everyone was positive all the time. Let's not forget that. That is one of the best lessons that sport can teach us.

Junior "S" to: Alyssa the best goalkeeper in the league.

Junior "S" to: Alex the best team captain in the league.

Junior "S" to: Luisa, the best bantam player on a junior team in the league.

Sportsmanship Award to: Sophie the best team spiriter (is that a word?) in the league.

Thanks to all you girls for constantly reminding me every day through your actions that wins and losses are not the ultimate goal of high school sport. You made my coaching job easy even though we were not out there winning. That's amazing.

- Coach G.

Last year, 28 boys tried out for the senior boys squad. This year only 13 tried out, including just two returning seniors. After four juniors were brought up, the Senior Boys Spartans consisted of 17 players. However, what they lacked in numbers they made up for in talent.

After a couple of early losses at ETIAC, the Spartans finished the regular season in second place behind Alexander Galt. Dispatching Massey-Vanier in the championship semi-final, Stanstead faced Galt for a third time this season in the ETIAC final. Down 2-0 early in the second half, Stanstead came back to tie on a penalty kick by Kyle Morin and a rebound off the body of Carson Son.

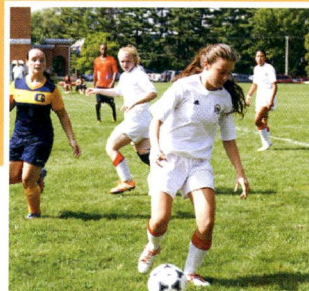

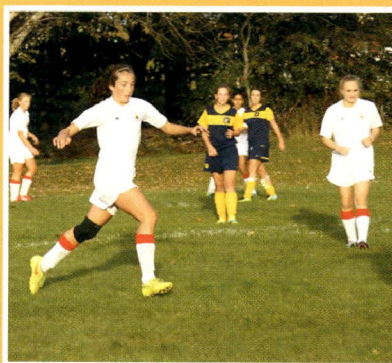

Shorthanded due to a red card, the Spartans survived overtime to go to a shoot-out, where captain Connor Fletcher on the last kick of his career as a Stanstead soccer player, buried the winning shot to win the trophy.

SENIOR GIRLS SOCCER

"We started from the bottom now we're here." - Drake
The first Friday of the school year. Opening tryouts for the defending CAIS and ETIAC champion Senior Spartans, fresh off the best soccer season ever in 2014. I look down at my clipboard, which has space for 30 names, and see seven girls signed up. Three vets, three walk-ons and one junior from last year. Seven. That was the bottom.

The Original Seven – Alissa, Mya, Kayla, Luisa, Victoria, Tania and Rina – look around at each other that day, and are not worried about upcoming wins and losses. No, they're worried that there won't be a team at all, and that they won't even get the chance to proudly wear the Red & White.

But over the weekend the junior team lets us have their four best players (in the process decimating their own team), which allows us to put 11 on the field. And over the course of the next two weeks, sometimes after games have already been played, better-late-than-never defections from other programs (XC running, intramurals and hockey) eventually get us to a respectable, and safe, roster of 17. Phew!

We started from the bottom, now my whole team's here.

And then we started making memories, the kind you can only make in team sports:

Becky's first assist, Tania's first goal, Elizabeth's breakaways, Rina's selfies, and how Lara runs like she's trying to kill ants. Mya's skanky leg, adopting Jarrod from HTS, Leslie's punts, and Alissa's tears in the final huddle of the season. Going to CAIS and allowing only ONE GOAL IN 5 GAMES en route to a solid 6th-place finish out of 16 teams. Getting trounced 7-1 by a very talented Seminaire Salesien team, and then beating them 3-2 the next time we play them – what an improvement! And finally, in the highlight of the season, facing powerhouse Galt in the ETIAC semis, and coming away with the biggest David vs Goliath incredible unbelievable amazing satisfying howdiddedothat 2-1 upset victory of my coaching career. Ahh yes, what a day that was! .

In the end, this team exceeded expectations by buying into a system and trusting each other. Despite huge differences in individual talent, every player had the same size heart and gave all that she had to give. That is the only reason we were as successful as we were.

My sincerest thanks to all the players for the season, but in particular to our three captains – Alissa, Kayla and Mya. Without their leadership and commitment not only would we have suffered on the field and made fewer memories, we probably wouldn't even have made it past that first Friday at opening tryouts.

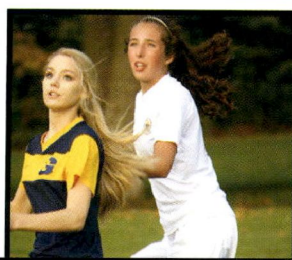

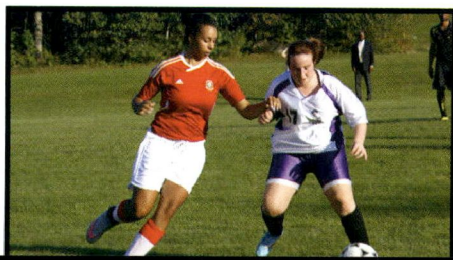

We started from the bottom, now my whole team's here.

Thank you all for an unforgettable season.

THE NIGHT THEY EVACUATED THE SENIOR HOME

The Stanstead College Student Centre was temporarily an evacuation centre the evening of January 13 as residents of nearby Manoir Stanstead were forced into the night by a fire alarm.

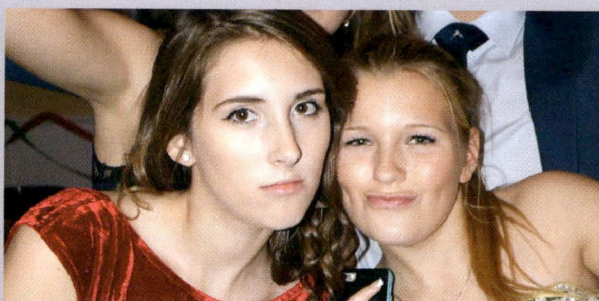

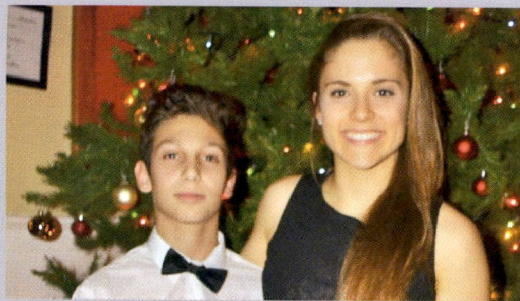

The alarm at the assisted-living residence sounded around 8:30 p.m. Stanstead College teacher Eryn Hessian was among the Town of Stanstead firefighters who responded to the call. She contacted the school about using one of the buses to provide the residents with temporary shelter from the cold.

While there did not appear to be flame or smoke, firefighters could not pin down the source of the alarm. Rather than take a chance, the decision was made to move the residents to the College's Student Centre overnight, in accordance with an agreement between the two institutions.

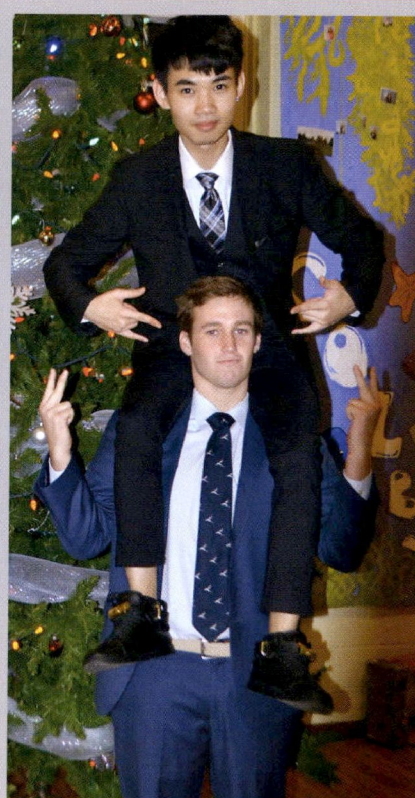

Mattresses and bedding from the school's student residences were brought over to the centre. Teachers, staff and student volunteers spent a good portion of the night making the seniors and other guests comfortable. Many of the students were back in the early morning to help serve breakfast, provided by the school's cafeteria.

The evacuees returned to the Manoir at roughly 8:30 a.m., again using the College's buses and vans. The cause of the alarm was never fully determined.

Special Thanks: To my friends and my teachers, who make me such a great person!

Yi Zhi "Alice" Liu

Nickname: Snack

At SC since Grade: 9

Activities: Curling, Choir, Debate, Prefect

Ambition: My ambition in life is to travel around the world and visit all the natural wonders in the world. I hope one day I can discover all the amazing cultures and meet people from different places.

Best Memory: My first Friday night at school. One of the Colby prefects at the time, Jacky, invited me for a sleep-over at her room. We talked about our interests and she made me feel so welcomed.

What I've learned: I learned the importance of friendship here at Stanstead College. Over the past three years, my friends have always been backing me up and they were always there for me through ups and downs. Friends are like families and families don't abandon each other.

Special Thanks: Shout out to my amazing squad and my best friend, Anna Smith! Also shout out to my awesome advisors, Mr. Blair and Ms. D! Shout out to all my teachers and coaches who understand me.

Activities: Hitting the gym with Big Mike and company

Ambition: To make it one more year!!

Best Memory: Accidentally breaking a sink...

What I've learned: Young thug helps exam stress.

Special Thanks: To Grenville Lines even though he is leaving me for Acadia with Tulio, we had a great couple years, Beb. Love you kid. Also my roommate lil boat, gotta get those Circle K runs #MURICA. And last but not least to all of my advisees, "Moroccan princes", gappy friends, and large mans that are leaving this year, good luck guys. Don't die!

Taylor Gratten

Nickname: Tay Tay

At SC since Grade: 9

Activities: Music, Tech

Ambition: My parents

Best Memory: Performing on stage

What I've learned: Even though the world is a dark place, it is worth to search out those who make it better

Special Thanks: To Sadie and Alice for helping me keep my sanity

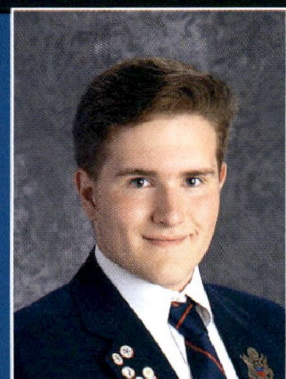

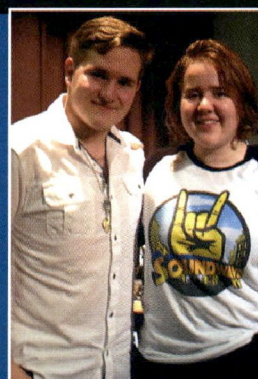

My fellow prefects who are truly awesome

Robert and Jake for reminding me who I am

Majo for bringing out the confidence in me

Clemintine and Sam for embracing my strangeness

All my friends for being there with me

Julia Guo

Nickname: Juju

At SC since Grade: 10

Activities: Music and drawing

Ambition: Be happy in life

Best Memory: Cafe Cappuccino!

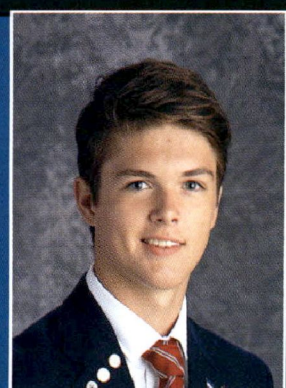

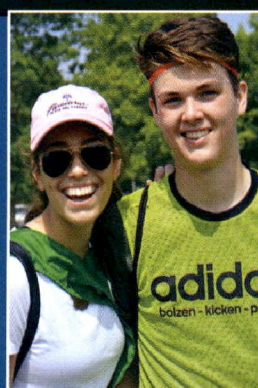

What I've learned: English and Mandarin

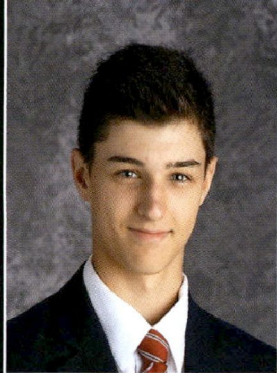

Special Thanks: My friends and my teachers <3

Kiefer Hayward

At SC since Grade: 10

Activities: Soccer, Squash, Lacrosse, Soundtrax, Jazz Band

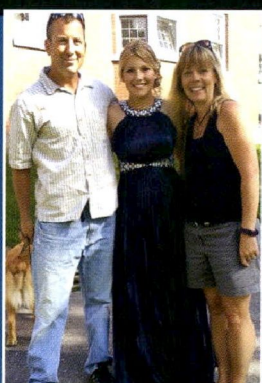

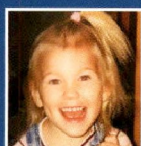

Axel Côté

Nickname: Axe-Bomb

At SC since Grade: 7
Activities: Soccer, Basketball, Rugby
Best Memory: Winning soccer at CAIS
What I've learned: Being negative never helps a situation.
Special Thanks: To my family for being so supportive, and my friends for making a great school even better.

Nickname: SDG
At SC since Grade: 7
Activities: Tennis, Running, X-C Skiing, Gaming
Ambition: My ultimate goal in life is to have a legacy, someone who remembers me, or my name in a book.
Best Memory: The best laughs and comedies throughout my classes. Even in the middle of a test, I have memories of laughing at the most serious moments.
What I've learned: 5 years have flown by so quickly. If there is one lesson I have been taught, it is that time is of the essence. The value of every decision at any point in our lives is like the effect of a butterfly flapping and creating a tornado. With time so limited, friends that are created are meant to last a lifetime. Finally, I have learnt that procrastination is key.
Special Thanks: To list all those that have helped me is quite impossible. Starting with my parents, it's cliché to mention, but my life would have been radically different without them. To all my friends, who have given me the opportunity to discover who I am and who really are the people I love, they know who they are. Without disrespect to anyone I have forgotten, I would like to thank my best friends: Taylor, Alice, Anna, Sadie, Ben, Loay, Gene, Richard, Raph, and so many more. My final gratitude goes to my teachers, supporting my ridiculous questions during tests, and guiding me to success.

Activities: Hockey
Ambition: I want to become a nurse without borders. I want to help people in difficulty. I want to give my time to people that need it the most.
Best Memory: All the road trips with the hockey girls are memorable, we had so much fun.
What I've learned: I've learned a lot of things here like how to be responsible but most of all I learned English.
Special Thanks: I want to thank Mr. Beupre for making me appreciate math and for never giving me an hour even if I was talking all the time and he had to say, "French girl stop talking" approximately 20 times a class. Also I want to thank my parents for giving me the chance to live this experience that is Stanstead College.

Nickname: Shay, Shaylor, Shaylala, Shay's Mills
At SC since grade: 9
Activities: Soccer, Hockey, Tennis
Ambition: Prove to the world that gingers have souls! (And play college hockey and become an osteopath or something)
Best memories: Being chased through Webster by Leslie with a soccer ball that she was trying to throw at my face when she was on her daily sugar rush after lunch. Leslie bringing a chicken to school. The hilarious and unproductive spares with Misha H and Kaylee B. Playing Bizz Buzz in Mr. VD's class. Gene the machine killing the wasps in Mr. VD's class. Grade 9 Music w/ Mr. G. Junior girls soccer with Coach G. Winning gold 3 times in girls doubles tennis. Cafe Cap. All Campus.
What I've learned: Don't cut corners (Coach G), team first (Coach V, Mr. Ross, Brit), no excuses (Coach Bridgeman, Mr. Ross, Coach V), to try and understand what I'm learning and not just memorize it (Mr. Van Dyke) and that life isn't ONLY about grades.
Special thanks: Thank you mom and dad for making this possible and for driving countless hours to watch my away hockey games, thank you to my favourite teachers - Simard, Beupre, Van Dyke, Planetta - and to my best coaches - Coach G, Bridgeman, Coach V, Dugie Ross, Brit, Mr. Williams. Thanks to the best advisor in the school Mr. Fraser. Thanks Elizabeth/Goodie for all the laughs, chocolate and mac and cheese. Special shout out to all the hockey girls! Thanks for all the crazy times at the rink and in the hotels. And thanks for driving away and forgetting me at the arena. I wouldn't rather spend those winter weekends with anyone but the "swimmer gang" ;) ! The past 3 years have been truly unforgettable, and I look forward to one more with all of those returning!

Best Memory: Being stupid at dinner with my friends.

What I've learned: You are meant to meet the people you meet and you are meant to go the places you go.

Special Thanks: To my parents for always doing what's best for me and being there for me through everything. I literally could not have done this without your constant support. Alexander and Nathaniel for being the weirdest, craziest, funniest little brothers a girl could ever ask for. To Sabrina for being the most perfect best friend on Earth and for being there for me through everything. To Lili Mae for taking me on wild adventures all over the world and leaving me hunched over in the streets of foreign countries laughing with you over things we did in middle school. To Delaney for being one of the most beautiful people I know inside and out and for always being there to talk to. To all my amazing friends in Saudi and Stanstead for all the perfect memories that I will hold forever. And of course to Lula and Chewbacca for being the dumbest, cutest pets on the face of the planet.

Olivia *Woodcock*

Hiromu *Yamawaki*

At SC since Grade: 11

Activities: Basketball, football

Ambition: Have an easy life. following my heart.

Best memory: Dr. Standage's working period

What i have learned: The life in Canada, English

Special Thanks: Miss. Wilkinson who took care of my life special for my first year I came to school and didn't know anything about Canada. She made me adapt to the country, have the courage to speak English. Even my English is still not that strong.

Yanhao "Tony" *Yang*

Antulio *Tamayo de la Hoz*

Nickname: Tulio

At SC since Grade: 11

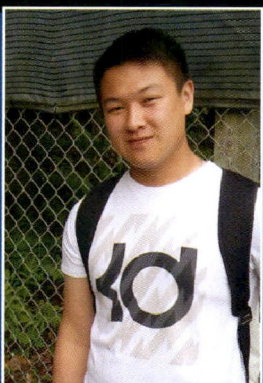

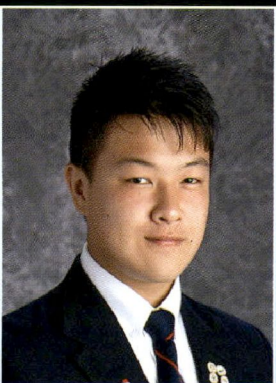

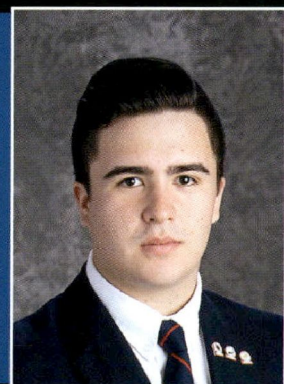

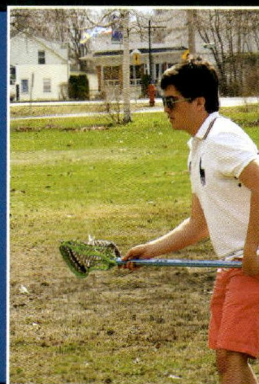

Activities: Football, Flirting, Rugby

Ambition: To achieve anything I want in life

Best Memory: My best memory at Stanstead would probably be the trip I went on with the hockey team to Switzerland, definitely a trip to remember.

What I've learned: I learned many things at Stanstead some good some bad just to name a few; true friends in life can be counted with a single hand, so when you know who they are keep them close. If you do something bad don't get caught.

Special Thanks: Special thanks to my family for encouraging me all the time, to my teachers and counselors and to the people who made my time here great: Adil, Grenville, Grant, Eduardo?, Saarloos, Marlie, Lara, Mya, Nic?, Kayla, Trevor, Taine and both Kate's. To finish off big shout-out to two special people in my life: Pato & Sita for everything they've done for me I will miss you both!

Li Ming "Devin" *Wang*

At SC since Grade: 7

Activities: Hockey, Rugby

Ambition: become a better me than yesterday

Best Memory: First goal in hockey, playing rugby

What I've learned: You cannot always expect others to approach you, approach others first, take that first step.

Special Thanks: To William Lebel for being my best friend and roommate for the past four years, for all the fun that we had together, helping me score my first goal in hockey, and also for always being there whenever I needed. Special thanks to Connor, Alissa, and Susie for everything, all the stupid things we did, work we did together, and the friendship that we made, thank you for the awesome memories that we made. Special thanks to all the teachers and students I met at Stanstead, I had a great time here, and the experience would not be the same if I did not meet all of you, so I really want to thank all of you. Finally, special thank you for my parents, I would not be here if I did not have their support, thank you.

Shengbo "Sheila" *Wang*

Nickname: Sheilala

At SC since Grade: 10

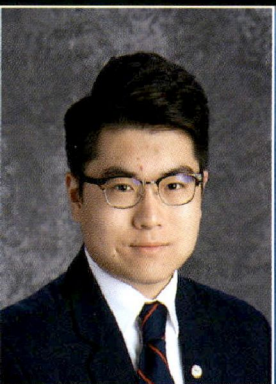

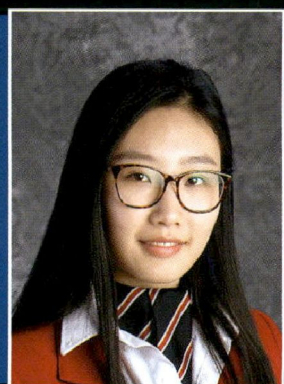

Activities: study, yearbook, squash, badminton

Ambition: be a good person and make a contribution to world peace

Best Memory: enjoying sushi and soup with Ellen and Angela

What I've learned: knowing myself and being myself

Special Thanks: Thanks to Mr. Wolfe, Mr. Van Dyke, Ms. Campbell, Ms. Lowry and all my teachers who gave me a lot of academic support and taught me about life and values. Thanks to my friends Ellen, Ginger, Angela, Pengyi, Jiajia, Trevor and Yuan for standing by me all the time.

Ziren *Wang*

Nickname: Z

At SC since Grade: 11

Activities: Football, Squash, Eating

Ambition: Get rich

What I've learned: Always establish confidence even during times of weakness.

Special Thanks: Aki, Phil, Jamal, you guys are the best roommates ever

Connor *Welsh*

Nickname: Welshy, Welsher, Gene, Beast from the East (self-proclaimed)

At SC since grade: 12

What I've Learned: I like juice

Special thanks: Hockey program, the roommates, and Will Lawrence.

Adil
Ouahbi

AT SC since Grade: 11

Activities: Football, Basketball videography, Lacrosse

Special Thanks: First special thanks to Starloos, big grant, coco, ash, Marlie (listen to this song) ,mya, Tulio, grenvill, Vic, cooper, Jacobo and my really small roommate Alex Bourhas and his bodyguard dean Liarakos. 3 things I have to say: First be loyal, second always be loyal, third don't study in advance, because when you do you are doubting your talent. Thanks to daddy, mommy and all my fans and the Grizzlies that helped me throughout the year I'm out for a long long long time.

Michaela
Pejzlova

Nickname: Mish

At SC Since Grade: 11

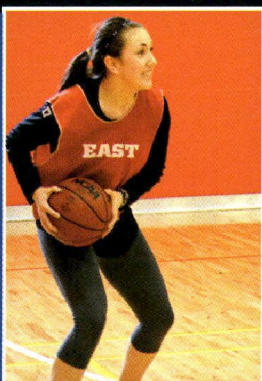

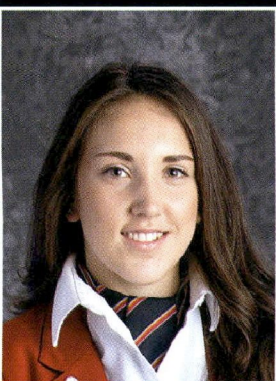

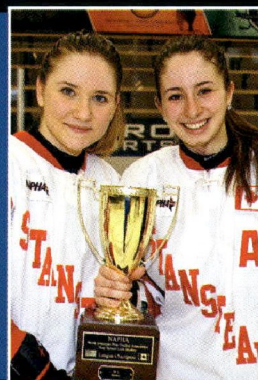

Activities: Any sport (ice hockey, tennis), binge watch White Collar & Murdoch Mysteries

Ambitions: Play D1 hockey

Best memory: Variety Show

What I've learned: To enjoy every moment because it is over in a blink of an eye.

Special thanks: Goes definitely to my roommate Charlotte who had put up with me for two years and she helped me with everything I ever needed. Also to my closest friends who always were there for me. Big thanks also goes to my Finnish man Antti for taking care of me and making my year unforgettable. Lastly to all teachers and my coaches that helped me to grow not just as student and athlete but also as a person.

Jordyn
Pimm

Nickname: J-Pimm

At SC since Grade: 11

Activities: Being the biggest white girl on campus, slaving away at the rink, "studying"

Best Memory: Winning the league Championship senior year

What I've Learned: AP Chem isn't a class, it's a lifestyle

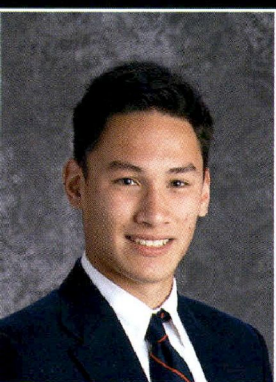

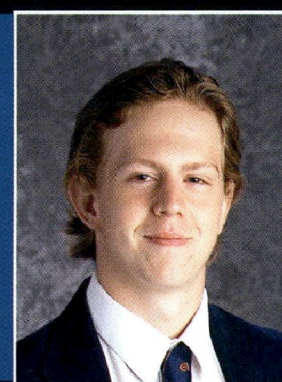

Special Thanks: My best friends, faculty, and Louise for cleaning up after us. "Fail your way to success". If only this statement applied to grade 12. It's been a year of ups and downs but I wouldn't have had it any other way. There are a few things I would have liked to change, like taking AP Chem, calculus, the English workload, the brutal Stanstead winter, the caff dinners... you know. But I wouldn't have traded this year for anything. Shout out to all the people that made my experience at Stanstead worthwhile. Could not have made it through the year without my girls (you know who you are). Not sure how Susie Wolfe put up with my odd dorm room behavior, but she did and I'm crazy grateful for her and all our great times together. Another huge shout out to the Chem study group... I would have died without you. Thank you to the girls hockey team, I learnt so much from each of you and made memories to last a lifetime. Final thanks to the my parents for affording me the opportunity to attend such an amazing place. I will truly miss it.

Brandon
Saarloos

AT SC since Grade: 12 (2015; PG 2016)

Activities: Hockey, Rugby

High school is sort of like a psychiatric ward.

Benjamin
Smith

Nickname: Smitty.

At SC Since Grade: 7.

Activities: I love to do sports or anything involving energy.

I love to read in my spare times (go see Ms. Carmen Campbell if wanting a good book), I love being in the jazz band playing the piano. I have a habit of playing the piano when I am nervous or stress.

Ambition: My ambition is to help people around me and be the very best I can be.

Best Memory: Maybe Grade 9 in the Bug house. Let's just say there were a lot of smiles, laughter, pranks and locking people up in the phone booth :p.

What I've Learned: Stanstead taught me how to manage my time better, even though it was through trial & error. The people that you will be seeing for one year maybe a friend for a lifetime. Don't stress over the big things in life, the small things in life will create the bigger picture.

Special Thanks: My parents for making all the trips to the school, being there to cheer me on at home & away games. To my friends; Richard, Sam, Gene, Taylor, Sadie, Julia, Pengyi for being there and creating some funny moments. To my awesome girlfriend Alice, you've there every time I need to talk about what is on my mind, which is like 95% of the time. Loved spending time with you hanging out by the piano, going out for walks and being a complete goof. I love you very much and I don't know where I would be if I didn't meet you <3. This concludes a chapter, I will see you hopefully in the next chapter!

Sadie
Smith

Nickname: Sade

Been Here Since: Grade 9

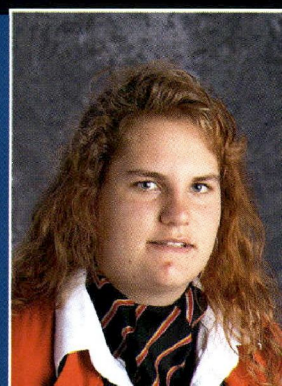

Activities: Rugby, basketball, soccer, football and school play to name a few...

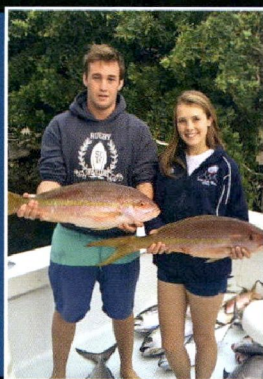

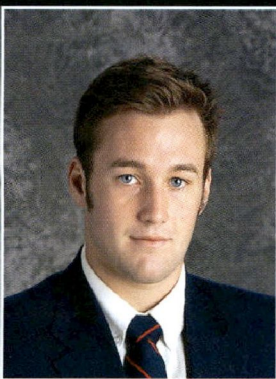

Ambition: To make documentaries about marine life and live with dolphins

Best Memory: My first rugby game in Grade 9, and winning Science Fair in Grade 10, but there are a lot more!

What I've Learned: If you surround yourself with good people and great friends, you are unstoppable!

Special Thanks: Ms. Hessian for all she has done to get me into Eckerd and help me start life being able to always take three big steps. Mr. P, Beaupre, and pretty much all the science teachers for letting me just wander into their classroom to talk about whatever. My house directors for those late night talks at the vanity. Special shout outs to Tayter Tot and SDG for the laughs, hugs and looooong talks. Rach for being the best extended sister ever, and of course Cheester for putting up with my stressing schedule. And Goofball, for making this year my best ever and reminding me everyday that you can always laugh and smile.

Grenville *Lines*

At SC since Grade: 10

Activities: Rugby

Ambition: let's survive after prom and then see what's up ahead

Best Memory: winning the league and the banner for senior boys rugby in my senior year

What I've learned: I've learned how to live in a dorm with 70 other boys with minimal confrontation.

Special Thanks: To Mr. G for letting me drag him down to the bottom of the Bermuda triangle... hope to see you again next year. To my mom and my dad for supporting me through Stanstead, and to Stanstead for giving me the experiences and friendships that I have formed over the last 3 years...

Victoria-Ann *MacGillivray*

Nickname: Little Vic

At SC since Grade: 12

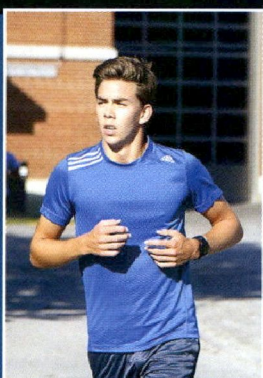

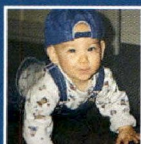

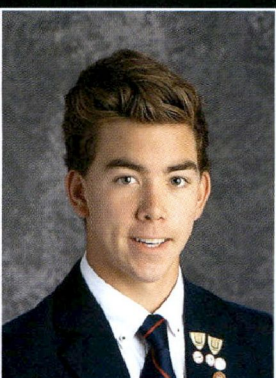

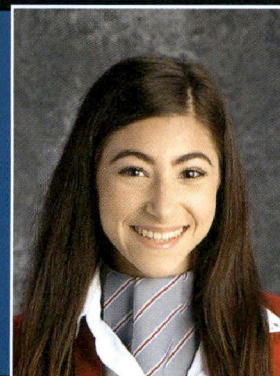

Activities: Turn up, hanging out with friends, soccer, watching others with Nic Arel and Lara

Ambition: Travel around the world and practice my dream job

Best Memory: Raph in the tornado at Val-Cartier

What I've learned: Don't go in the tornado with Raph at Val-Cartier

Special Thanks: Mr. Van Dyke for being the best soccer coach I have ever had and making it my best season. Thanks to Mr Philip for making Econ class one that I will always remember. Shoutout to MP and Ashley 4 being the realest

Nickname: Vince

At SC since Grade: 11

Activities: Golf, Swimming, Cross-Country Running, Volleyball

Ambition: To meet other extraordinary people and to keep contact with everyone. Also, I am eager to start university and succeed in my field, business.

Best Memory: I have many memories that will stay in my mind. However, I would say that my best memory was at the Fishing Club with Philippe Forgeue. By enrolling in a Fishing Club, we tend to think everyone knows how to fish... That's not the case. We could say that I was Phillip's "guide." When his first fish bit the line, I never saw someone that excited and ambitious. The "shark" that was at the end of his fishing rod, like he would say, was only four centimetres long when it was out of the water... Great day to remember!

What I've learned: Stanstead helped me develop many important values. By having the chance to be a prefect, I have learnt many skills such as leadership, teamwork, communication and the most important value to me, friendship.

Special Thanks: Thank you to every student and faculty member who made this experience so memorable and authentic. I would also like to thank my advisor, Mr. Bembenek, for the support you gave me throughout the two years I have spent at Stanstead. What a great year it was!

Vincent *Martel*

Nickname: Jsmooth

At SC since Grade: 12

Activities: Hanging out with the ball homies, watching Suits and vines

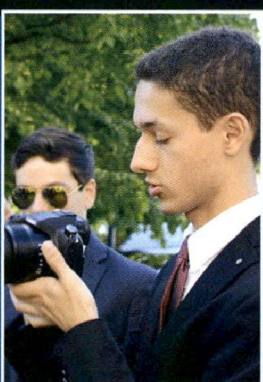

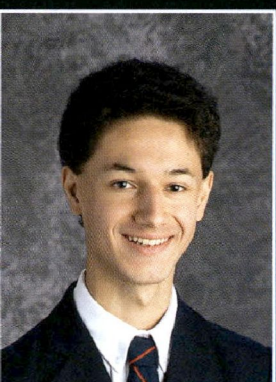

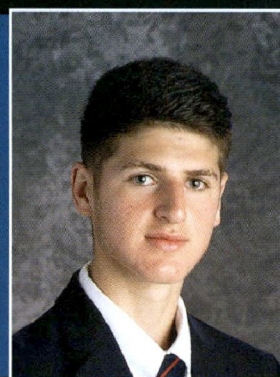

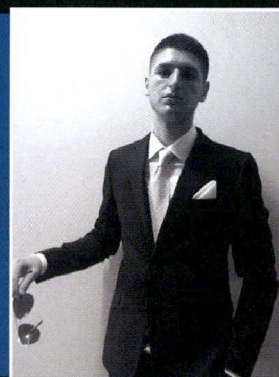

Ambition: Play D1 basketball and marry a sexy chick

Best Memory: Bumping tracks in the gym and hooping with my homies, and winning survivor with Olivier and the rest of my advisee group.

What I've learned: To become more independent and more of a man.

Special Thanks: To all of the staff and teachers who gave me the opportunity to shine and prove to myself that I can become the individual I am destined to be. They pushed me to my fullest and never let me slack or be distracted by pointless things. Thanks to the friends I have made; they have made my year away enjoyable and I couldn't thank them more for that, especially my ball homies who I spent 24/7 with. Cheers, guys, let your careers take you far. Also shout out to my Bugbee family who made my stay in the dorms more chill. I will never forget this year, and I will cherish the memories I have made here for as long as I can remember. One last thing: life is short, there isn't a lot of time to do all the things you want and every day flies by too quickly to keep track. Enjoy every second of life and cherish those around you and push to yourself to be the best you can be: being richSS. Peace out, Stanstead College!

Jamal *Mayali*

At SC since Grade: 11

Activities: Soundtrax, Community Service, Outdoor Pursuits, Squash, Tennis

Ulysse *Merat*

Aaron *Nugent*

Nickname: YG

At SC since Grade: 12

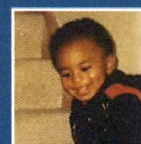

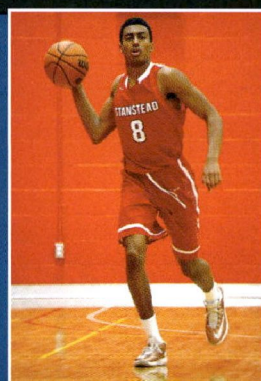

Activities: Basketball

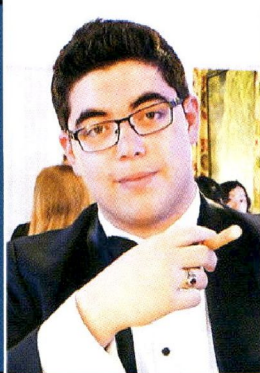

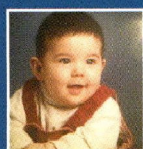

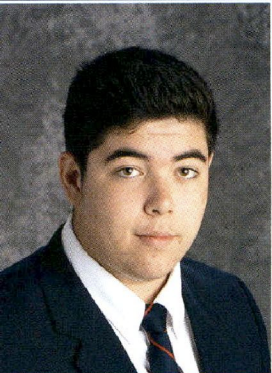

Ambition: Professional Basketball Player with an MBA

Best Memory: Seniors' Night or Day at the lake

What I've learned: Mastery of Procrastination

Special Thanks: To Ms. Hessian for convincing me to apply to university

Raphael *Lamoureux-Magar*

Nickname: Raph

At SC since Grade: 12

Activities: Video games, gym, travelling

Ambition: To run my own business and have a successful life

Best Memory: Bonfire and fireworks at night

What I've learned: Success depends on the efforts you put into something. At Stanstead College, I've learned to properly manage my time, resources and attention and make the best out of my efforts.

Special Thanks: My parents, my uncle & aunt, SC faculty and my friends.

Jordan *Laroche*

Nickname: Laroche

At SC since Grade: 10

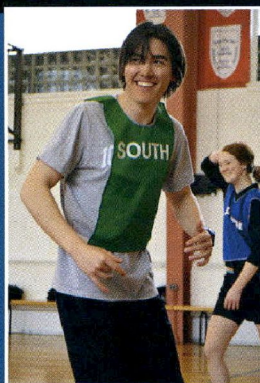

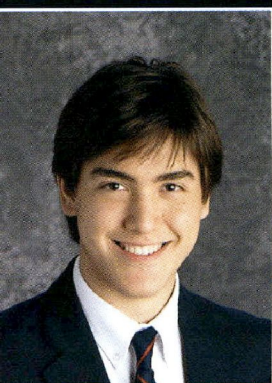

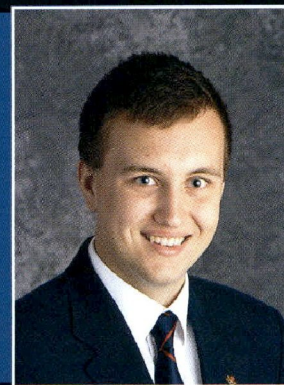

Activities: Hockey, Lacrosse

Ambition: Make mad bank

Best Memory: Late nights in the house

What I've learned: Starting an assignment the night before it's due is perfectly okay

Special Thanks: Mom and Dad, Lauren, Wikipedia and Netflix

William *Lawrence*

Nickname: Law, Matt Chan, thechaotichemist
(be sure to like and subscribe)

At SC since Grade: PG

Activities: Roasting marshmallows (in Davis), explosions, hitting rocks with hammers, toe drags, Red-Bull Stratos

Ambition: Defer as many years as I can before going to college

Best Memory: Setting a new (unofficial) record with 58 (unofficial) homers during the Stanstead softball season

What I've learned: The smoke alarms in Davis are very ineffective, don't do it in the park, and her name is Snow. Also, don't panic if a moose is on the loose.

Special Thanks: Shmoop, Jerry of the Day, Paul Bunyan (whom I model my hockey game after), and Mr. Blair for his unfounded (and frankly ill-advised) faith in me not to destroy the school lab.

William *Lebel*

Nickname: Willy

At SC since Grade: 9

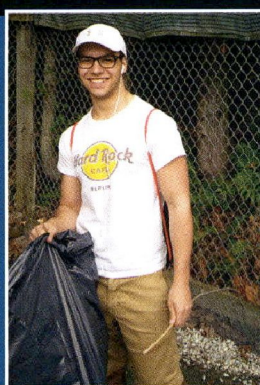

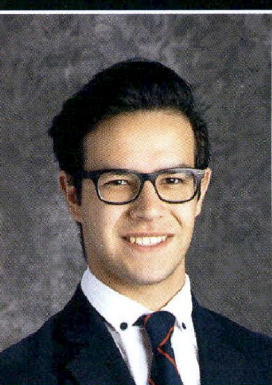

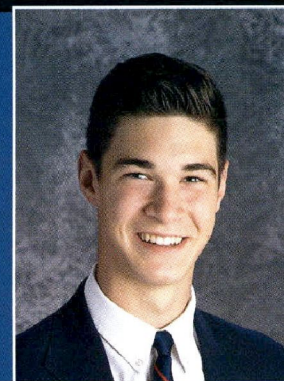

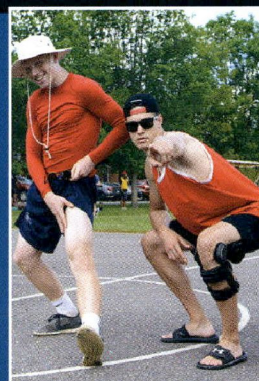

Activities: Hockey, Soccer, Rugby, Golf and Jazz Band

Ambition: Play Division 1 hockey

Best Memory: Rugby finals in Grade 10 and Switzerland hockey trip

What I've learned: Be grateful for the opportunities that are given to you.

Special Thanks: First off I would like to thank my parents for giving me the chance of attending Stanstead College for four years and for giving me the tools necessary for my success. I also want to thank my best friend Connor Fletcher who has been with me since Grade 9. I couldn't have asked for a better friend to help me through those tough years. I'll miss you, buddy! I would like to thank Mrs. Ross for being an incredible advisor during those four years. Finally, thanks to Devin, Toine, Jay and everyone else who made these years so special! Best of luck to everyone in the future!

At SC since Grade: 11

Activities: Football

Yousef *LePabie*

Dean *Liarakos*

Nickname: Deano

At SC since Grade: 12

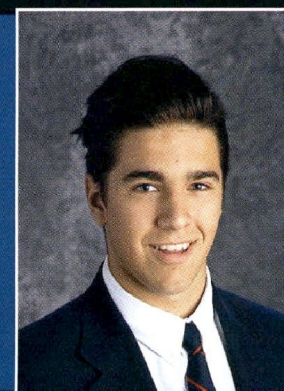

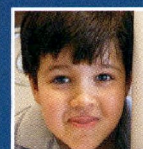

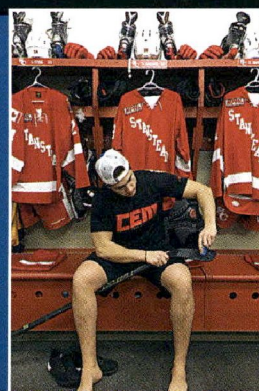

Activities: Hockey and Lacrosse

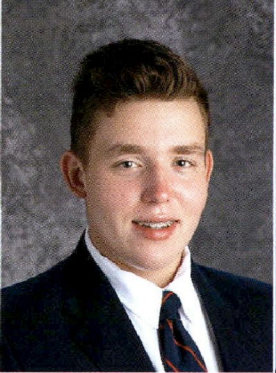

Ambition: Graduate in honors from the Concordia John Molson School of Business

Best Memory: All the late night goofing around and studying in Bourhas' and Adil's room.

What I've learned: Throughout my journey here at the SC, I have learned a lot about myself. The things that I have really discovered about myself are the increase of seriousness and that I have become more independent.

Special thanks: I would like to thank my parents and all my family for supporting me and helping me pursue my dream by obtaining a great education at Stanstead College. I would also like to thank all my teachers for putting up with me and supporting me through my last year of high school.

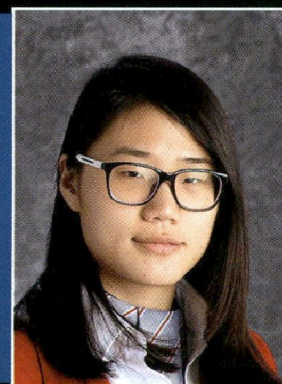

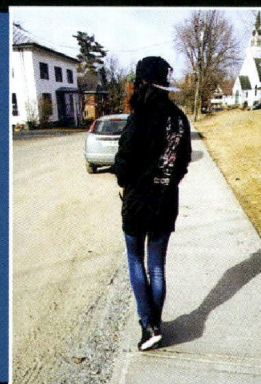

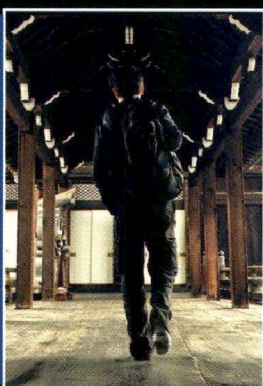

At SC since Grade: 12
Activities: Football, swimming, golf, chess

Remember the first day you walked on campus. Lost, not sure if you belonged here. Five years later, I know that Stanstead is not only a place where I belong, but a place I call my home. A place where my family has always been there to support me, understand me, encourage me to become the best person I can be. A place where the clock ticked by slowly in the classroom but felt like it flew by when with friends and teammates. A place that wasn't always easy to manage but taught me lessons that will be kept with me forever. Stanstead has taught us all something, from how to "clean" our rooms to knowing what it feels like always having a shoulder to cry on. The teammates, the friends, the teachers have all been by your side this year, never blinking an eye to offer help. Even those that you are not close with were always there.

The memories that we have all shared will never be forgotten but cherished in our hearts. With experiences of wearing the Spartan on the front of our jerseys to having the Stanstead crest over your hearts as you do now. A crest that means more than just an academic institution but a place where relationships are made. Relationships with our

advisors, house directors, roommates, teammates, classmates, the list goes on and on. However, my list has some special mentions. Mr. Ross, for always finding a way to turn something serious into an inappropriate joke. Ms. Sharman, for being just as much of a student as a house director and for being the first person to ever push me up the stairs in a hunted house. To all of my coaches and teachers for pushing me to become the best I can be in and out of the classroom; I don't think I would have been able to make it through some days without you. To Tessa, though she was messy, she understands me in a way that not many people do.

To those who are returning, enjoy every moment, because the moments turn into seconds and the seconds turn into milliseconds, that pass on faster and faster as you get older. To those moving on, beginning a new chapter of our lives, don't forget the time that you have spent here. So enjoy the experience. It's an experience that you only have one chance to live (unless you're like Grant or Sarrloos and you really want to live it again). In all seriousness, never forget what Stanstead has taught you, never forget Stanstead.

ALISSA BISSONNETTE

A message from the HEAD PREFECTS

It's over. Our high school career is finally over. I remember the day that Connor and I were walking to assembly and Olivier and Philippe were in front of us. Connor turned to me and said: "That was us back in Grade 9. Walking over together every morning talking about anything." That's when it hit me. My time here was almost done and it was fast. It almost went by too fast. I mean, I feel like I don't know everyone here as well as I would like to, and that's something that I would've liked to have done differently. But I remain grateful for the times I spent with my friends when I needed them the most, hanging out late at night during weekends, or simple conversations with the boys in the Davis basement. Nevertheless, we have accomplished great things during this year filled with firsts and lasts. For example, some of us had our first Doccy class and all of us regretted taking a Doccy class for the first time.

We have all been told that high school problems are nothing compared to the real world. Maybe that's true but I believe that the barriers that we have overcome over the past years in high school made us better people and helped us better prepare for the real challenges that the world throws at us. For example, overcoming the fear that comes with a glove side shot, Jordan, or overcoming an injury's pushbacks. But the passion and conviction that drives you to conquer these barriers is the type of hunger that you guys should carry with you whenever you meet new people or try new things at university next year. Next year, I want you to be fearless and adventurous: sign up for a new

language class and master that language, or sign up for that party planning class. It does not matter what you do in the near or distant future, but whatever you do, you need to be passionate and driven, because you will need to find your passion. If you did not find it now, you might find it later, in your 30s or 40s, but do not give up on finding it and follow it. You will not find it in things or money, because the more you have, the more you will use that as a metric and would like to get more. The important things are those that fill you from inside. It will be grounded in people, in your relationships with people.

That's what Stanstead College has taught me. It has taught me to be compassionate, to care about my friends and to be passionate in everything I do.

This has been my home for four years and I am grateful for the opportunity that my parents have given me. They have given me the chance to develop into the person that I am today. Everyone should be thankful for the sacrifices that your parents have made in order for you to have a superior education here. Be sure to let them know that you are aware of these sacrifices and be sure to repay them one day.

So graduates of the class of 2016, remember your time here, be grateful for your time here, and be thankful that your parents support you through every step of your life. Remember your friends and the memories you have made with them, because your time here is finally over.

WILLIAM LEBEL

The first prediction made in early September that can always be counted on to be absolutely correct by late June is that the year will go by faster than any of us could have ever thought possible.

The second prediction is equally as reliable. It holds that even though our Baccalaureate ceremony marks the beginning of the summer holidays, everyone will be tremendously sad to have to say goodbye to the good friends they made at Stanstead College.

It's really quite amazing how strong and intense friendships become over the course of 10 months on our campus, how precious the memories are, and how powerful the sense of loss is when it all comes to an end at the close of the school year.

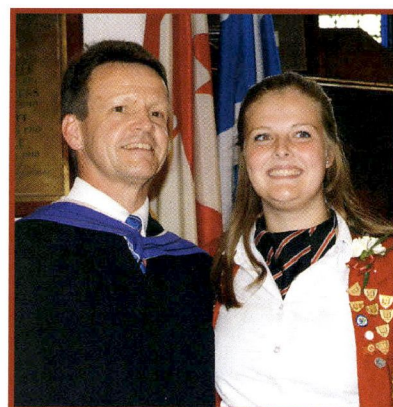

I often think that every year at Stanstead College is like watching sand travel through an hourglass. We start off in September at the top of the glass as many individual grains of sand, from a variety of different backgrounds and cultures, all in one place but swirling around at a distance from each other. As the year goes on, the time in class, on teams and in the residences draws every grain closer to one another until we're all joined together in the centre of the funnel. That's when the enduring bonds of friendship are forged. Those are the special moments that are fondly recalled when the goodbyes are said in June. Those are the unique times that I hope you will always remember.

By the end of the year, we've passed through the narrow passage of the hourglass and the grains of sand start to disperse and swirl more distantly apart, especially as our graduates receive their university acceptances, and as the rest of us start to think about the summer and what the school year will be like come September.

To our graduates, I wish each of you the very best as you step forward into a new phase of your lives. I think you'll find that your time at Stanstead College has prepared you well for what lies ahead. We'll miss you, of course, but you're always welcome here, and we'll be anxious to see you again soon.

For those returning in the fall of 2016, we're anxious to have you back on campus the week after Labour Day, when the hourglass will be turned over and the journey through the funnel will start, as it does every year, once again.

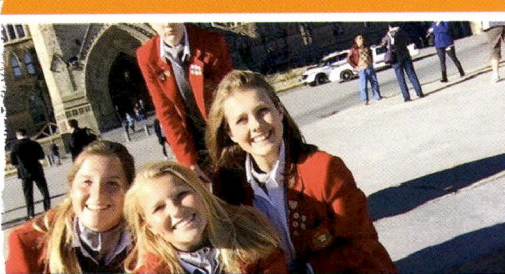

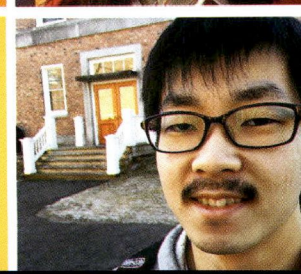

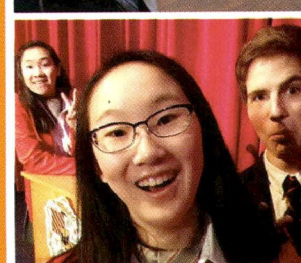

Thank you
